## Ron Bernstein President Foundations Community Partnership

### *In his own words...*

#### I knew our grantmaking was making a difference when ...

*I observed children with prosthetic limbs swinging tennis rackets on a Bucks County Tennis court- with big smiles on their faces! When I see the college interns we fund, interacting with special needs kids through-out the county. When we see our grants make a tangible difference in a variety of innovative programs.*

#### The thing that has most surprised me as a funder...

*was the amount of well intentioned organizations that need our support, funding and collaboration.*

#### My greatest aspiration for our philanthropy:

*Through our grant making, scholarships, subsidized internships, professional education and technical assistance, we hope that Foundations Community Partnership has a lasting and profound impact on our community.*

June 2010
